INTRODUCTION

On the 348 rolls of this microfilm publication are reproduced the applications submitted for shares of the money that was appropriated for the Eastern Cherokee Indians by the Congress on June 30, 1906. The Eastern Cherokee applications, August 29, 1906-May 26, 1909, are part of the Guion Miller Enrollment Records that are among the records of the U.S. Court of Claims. This publication also includes a general index to Eastern Cherokee applications (two vols.).

History

Before the U.S. Court of Claims was established in 1855 there was no procedure by which claims arising against the U.S. Government could be enforced by suit. Consideration of claims was provided for when the Treasury Department was established in 1789; later acts of the Congress authorized the Department to settle all claims by or against the Government. If a claim was rejected by the Treasury Department, the claimant's only course of action was to appeal directly to the Congress. Petitions to that body for relief had become so numerous by the middle of the 19th century that the Congress was beginning to find it impossible to make the proper and necessary investigations for actions on the claims.

The U.S. Court of Claims was established by an act of February 24, 1855, to hear claims against the United States including those referred to the court by the Congress, based on any law of the Congress, any regulation of an executive department, or any contract with the Government, whether explicit or implied. Under this act the court served only as a factfinding agency, and its conclusions were submitted to the Congress for approval and for the granting of awards. In 1863 the Congress enlarged the court's jurisdiction and gave it authority to render judgments against the Government, with the right of appeal to the Supreme Court. An act of 1925 abolished appeals from the Court of Claims to the Supreme Court and substituted writs of certiorari.

An act approved July 1, 1902 (32 Stat. 726), gave the Court of Claims jurisdiction over any claim arising under treaty stipulations that the Cherokee Tribe, or any band thereof, might have against the United States and over any claims that the United States might have against any Cherokee Tribe or band. Suit for such a claim was to be instituted within 2 years after the act was approved. As a result, three suits were brought before the court concerning grievances arising out of the treaties:

(1) *The Cherokee Nation v. The United States*, General-Jurisdiction Case No. 23199; (2) *The Eastern and Emigrant Cherokees v. The United States*, General-Jurisdiction Case No. 23212; and (3) *The Eastern Cherokees v. The United States*, General-Jurisdiction Case No. 23214.

On May 18, 1905, the court decided in favor of the Eastern Cherokees and instructed the Secretary of the Interior to identify the persons entitled to participate in the distribution of funds for payment of the claims. On June 30, 1906, the Congress appropriated more than \$1 million for this purpose. The task of compiling a roll of eligible persons was begun by Guion Miller, special agent of the Interior Department. In a decree of April 29, 1907, the court (1) vacated that part of its earlier decision that had given the Secretary of the Interior responsibility for determining the eligibility of claimants and (2) appointed Miller as a special commissioner of the Court of Claims.

The same decree also provided that the fund was to be distributed to all Eastern and Western Cherokee Indians who were alive on May 28, 1906, who could establish the fact that at the time of the treaties they were members of the Eastern Cherokee Tribe or were descendants of such persons, and that they had not been affiliated with any tribe of Indians other than the Eastern Cherokee or the Cherokee Nation. The decree further provided that claimants should already have applications on file with the Commissioner of Indian Affairs, or should file such applications with the special commissioner of the Court of Claims on or before August 31, 1907. Additionally, applications for minors and persons of unsound mind were to be filed by their parents or persons having their care and custody, and applications for persons who had died after May 28, 1906, were to be filed by their children or legal representatives.

In his report of May 28, 1909, Miller stated that 45,847 separate applications had been filed, representing a total of about 90,000 individual claimants, 30,254 of whom were enrolled as entitled to share in the fund--3,203 residing east and 27,051 residing west of the Mississippi River. On June 10, 1909, the court confirmed and approved the roll, submitted by Miller in his report, of Eastern Cherokees who were entitled to a share of the fund except "so much as shall be expected (excepted) to on or before August 30, 1909." After the exceptions had been filed and investigated, Miller submitted a supplemental report and roll to the court on January 5, 1910. In this report he stated that about 11,750 exceptions had been made, that the names of 610 persons (238 east and 372 west of the Mississippi) had been added to the roll, and that the names of 44 persons (5 east and 39 west of the Mississippi) had been stricken from the roll because clerical errors in enrollment had been discovered. Thus the final figure on the total number of persons entitled to share in the fund was 30,820, of which 3,436 persons

resided east and 27,384 resided west of the Mississippi River. On March 15, 1910, the court finally decreed that the rolls be approved and that, after certain deductions for expenditures, payments were to be made equally among the Eastern Cherokees who were enrolled. The court also authorized the Secretary of the Treasury to issue a warrant in favor of each person.

In certifying the eligibility of the Cherokees, Miller used earlier census lists and rolls that had been made of the Cherokees by Hester, Chapman, Drennen, and others between 1835 and 1884. Copies of some of these rolls and the indexes to them are filed with the Miller records (filmed as M685). Other enrollment records used by Miller are among the classified subject files of the Bureau and are designated as "33931-11-053 Cherokee Nation."

Records

The applications contain sworn evidences of identity and were filed with the Interior Department's Office of Indian Affairs until April 29, 1907 (the last application was No. 22268), after which the applications were filed directly with the court. The application required each claimant to state fully his or her English and Indian names, residence, age, place of birth, name of husband or wife, name of tribe, and names of children. It further required the English and Indian names of the claimant's parents and grandparents, place of their birth, place of their residence in 1851 if they were living at that time, dates of their death, and a statement as to whether any of them had ever before been enrolled as Indians for annuities or other benefits and, if so, with what tribe. Each claimant was also to furnish the names of all brothers and sisters, with their ages and residences, and the names and residences of all uncles and aunts. Applications were required to be made under oath and to be supported by affidavits of two witnesses who were well acquainted with the applicant. With each application is a card showing final action taken and the reasons therefore. Filed with many of the applications are inquiries concerning the status of the cases, requests for further evidence, protests about unfavorable actions, form letters that had been sent by the special commissioner to the applicants as notices of rejection of their applications and returned by the Post Office Department as unclaimed, affidavits and statements of witnesses, powers of attorney, and last wills and testaments. The applications are arranged by the number assigned at the time the application was received. There are some gaps in the application numbers; these are explained on insert sheets at the appropriate places on the film. The index is arranged alphabetically by name (either English or Indian) of claimant.

Many of the files contain a cross-reference card to other applications. This cross-reference card often refers to the EX file, the report on exceptions filed by Miller on January 5, 1910.

Related Records

The records reproduced in this microfilm publication are part of the records in the custody of the National Archives and Records Service (NARS) designated as Records of the U.S. Court of Claims, Record Group (RG) 123. Among related records in this record group are additional records relating to Miller's enrollment of the Eastern Cherokees. These include receipts for Treasury warrants and miscellaneous correspondence, 1906-11. The original of these records is in RG 123; a copy is in RG 75.

Some related records in Records of the Bureau of Indian Affairs, RG 75, have been reproduced as NARS Microfilm Publication T496, *Census Roll, 1835, of the Cherokee Indians East of the Mississippi and Index to the Roll*. Also in RG 75 are the classified subject files of the Bureau.

Records Relating to Enrollment of Eastern Cherokees by Guion Miller, 1908-10, M685, contains the general index to Eastern Cherokee applications, 2 volumes; the report submitted by Guion Miller, May 28, 1909, 10 volumes; the roll of Eastern Cherokees, May 28, 1909; the report on exceptions filed, January 5, 1910; the supplemental roll of Eastern Cherokees, January 5, 1910; transcripts of testimony, February, 1908-March 1909, 10 volumes; various indexes and rolls of Eastern Cherokee Indians, 1851, 1854, and 1884; and miscellaneous notes and drafts.

Additional records relating to the enrollment of Eastern Cherokee Indians are in Records of the Office of the Secretary of the Interior, Record Group 48.

These records were prepared for filming by Jistine Turner and William D. Grover, who also prepared these introductory remarks.

Thomas W. Martin,

Yeager, Oklahoma.

Sir:

Relative to your application for participation in the Eastern Cherokee Fund, kindly advise this Office why your mother was not enrolled on the Eastern Cherokee Enrollment of 1851. Neither does the name of your grandmother, Lucinda Martin, appear on any Eastern Cherokee Enrollment; state why she was not enrolled with the Cherokees in 1835 and 1851.

Did your grandparents on your father's side live with the Eastern Cherokees or did they live in Kentucky?

Were any of your people ever held as slaves; if so, were they owned by white people or Indians?

Please give this matter prompt attention and refer in your reply to the number of your application.

Very respectfully,

Thomas W. Martin, after being first duly sworn,
deposes and says:

I am 41 years of age; was born in Middle Tennessee,
Overton County. I left Tennessee in 1880. I claim my
Indian blood through my father. He was born in Kentucky. I
never saw my father's parents. They lived in Kentucky. My
grandmother came from North Carolina when she was a girl. I
have heard of my Indian blood all my life. My father was a
voter and went to the white schools. I made application for an
allotment through the Secretary of the Interior about 25 years ago.
I have never gotten any land. My father never got any Indian
money from the government. I have never received any Indian
money. My father lived in Kentucky about ten years before the
war. My grandmother left North Carolina about 1838. Her name
was Lucinda Cole. She got her Indian blood from her father,
Charles Cole. I understand he lived and died in North Carolina.
I do not know what part.

Sir:-

Replying to your letter of September 11, 1907, you are advised that your application for participation in the Eastern Cherokee fund has not been reached for final consideration, and we cannot state at the present time whether or not you are entitled to share in this fund.

As there are over 43,000 applications on file and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

If there is any further information required in connection with your application you will be notified.

Very respectfully,

Special Commissioner.

Sir:

Relative to your application for participation in the Eastern Cherokee Fund, kindly advise this Office why your mother, Arminda Reed, was not enrolled on the Eastern Cherokee Enrollment of 1851.

The name of your grandfather, William Ezelle, through whom you claim your Cherokee blood, also fails to appear on any Eastern Cherokee Enrollment. State why he was never enrolled with the Eastern Cherokee Indians. Did he ever live with the Cherokee Tribe?

Are you connected in any way with any other Indians than the Cherokees?

Were you held as a slave; if so, were you owned by white people or Indians?

Please give this matter prompt attention and refer in your reply to the number of your application.

Very respectfully,

William Lee Reed, being duly sworn, deposes and says:

My name is William Lee Reed; my post-office is Allen, Okla.; I was born in Cooper Co., Mo. in 1859; I claim relationship to the Cherokee Indians through my mother, whose maiden name was Almarinda Eselle; my mother was born in Kentucky, I do not know what part or in what year she was born; she is supposed to be one-quarter Cherokee; she claims through her father, Billy Eselle who was supposed to be a half-blood. I think he was born and raised in Kentucky; my grand-father went to the Cherokee Nation between 1830 and 1835 and then he drifted into Missouri.

Sir:

Replying to your letter of November 3, 1909, you are advised that it is impossible for me at this time to state when the Eastern Cherokee fund will be distributed.

However, the money cannot be paid out for some time yet, as there have been a large number of exceptions filed to my report, and until these are considered and passed on, and the roll finally approved by the Court no money can be paid.

The amount each person enrolled will receive cannot be determined until after the final roll has been approved and the exact number of those enrolled ascertained, however, it will probably not amount to more than \$130.

Very respectfully,

Special Commissioner.

Mancel Tidwell,

Dear Sir:-

Replying to your letter of August 26, 1907, you are advised that the applications for participation in the Eastern Cherokee fund have not been taken up for final consideration, and we cannot state at the present time whether or not you are entitled to participate in this fund, or how much each successful claimant will receive.

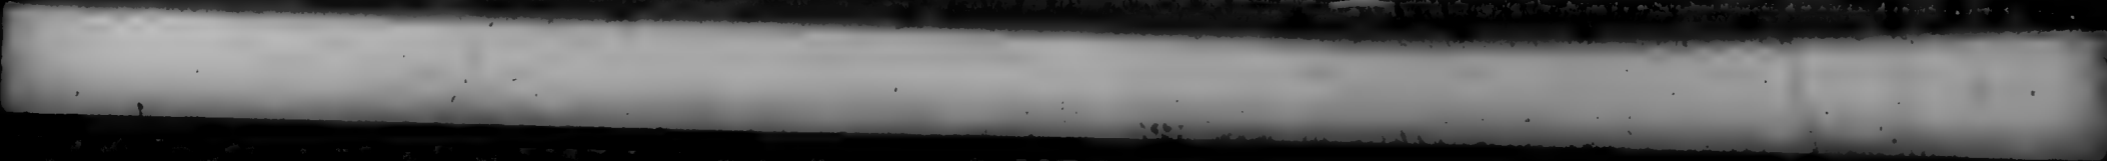

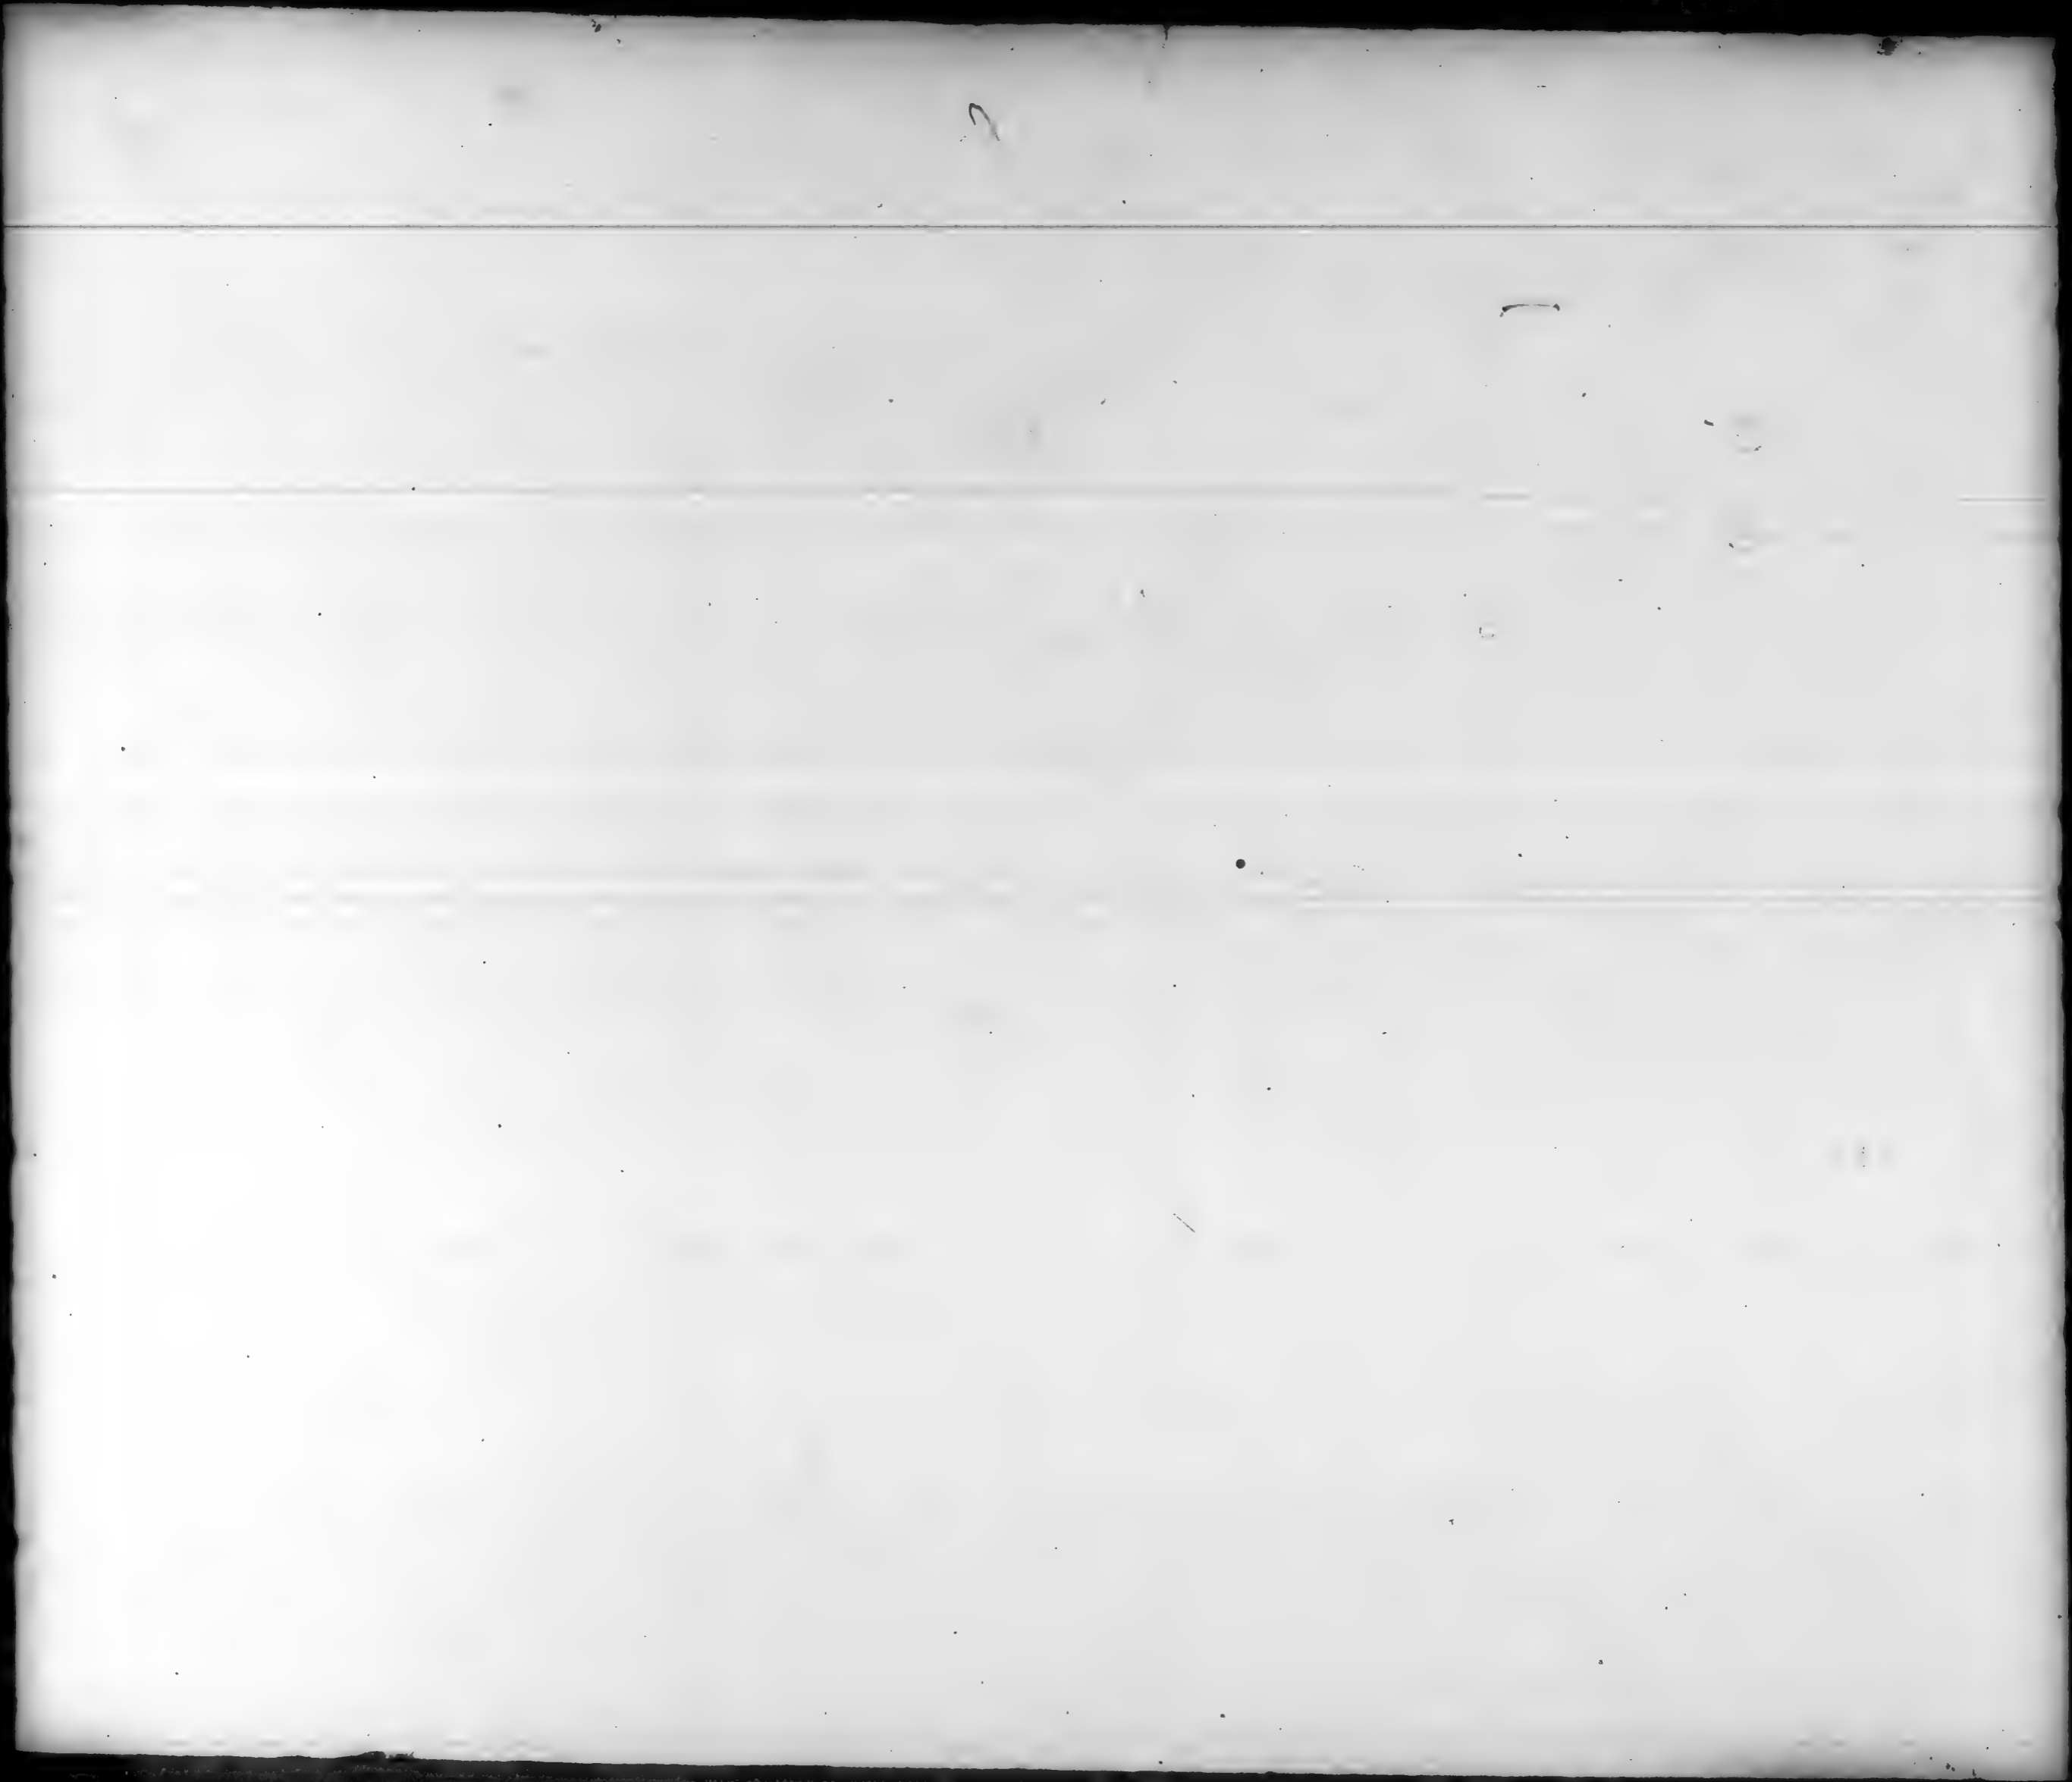

As there are already over 36,000 applications on file and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

If there is any further information required in connection with your application you will be notified.

Very respectfully,

Special Commissioner.

App. Nos. 8664--8683.

Sterling K. Condrey,

Chelsea, Oklahoma.

Sir:

Relative to your application for participation in the Eastern Cherokee Fund, you claim Cherokee descent through your mother, Louisa Condrey, whose name fails to appear on any Eastern Cherokee Enrollment; why was she never so enrolled?

You state in your application that you were born March 20, 1845; why were you not enrolled in 1851?

Were any of your brothers and sisters who were then living enrolled?

Who were your grandparents on your mother's side; what were their Indian names?

Have you an Indian name? What was your mother's Indian name and where was she living in 1851.

Were any of your family ever enrolled as old settlers?

Please give this matter prompt attention and refer in your reply to No. 8664--8683.

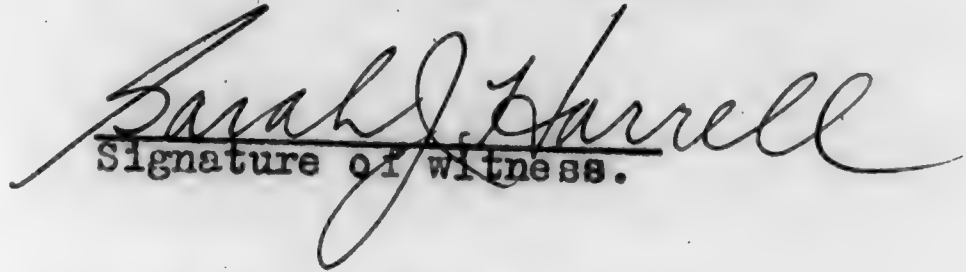

Very respectfully,

HWK/WEA

Special Commissioner.

Sarah J. Harrell, being duly sworn, deposes and says:

My name is Sarah J. Harrell. My age is 60 years. I live in Rogers County. I have lived here a long time. I came from Missouri about 20 years ago. I don't remember being enrolled by the Dawes Commission. She applied but was rejected. I did not get the strip money. Did not make application for it. I was born and raised in East Tennessee. I do not know when I left East Tennessee but I was married before coming here. I don't remember being enrolled in 1851. I never heard my parents say anything about enrolling me and drawing money for me. I cannot give any reason for not being enrolled in '51, if I was not. I have always been told I had Cherokee blood. It came through my mother Eliza Condry. Her name before marriage Barnard and Barnett and Barner. She was called by all three names. I do not know just where she lived. I do not know whether my mother was enrolled in 1851, or any reason for her not being. I don't know whether she got her Indian blood, - that is which parents. John Barnard or Barnett was her father. I think her name was Betsey Griffin before she married Barnard. I have brothers and sisters: Starlin Condry, James Condrey, John Condrey, Robert Condrey and Perry Condrey. They lived in East Tennessee. John came West and Starlin. ~~I don't know any brothers and sisters of my mother.~~ Sterling Barnard and George Barnard. I had an aunt by the name of Sally Berry. They lived in East Tennessee but are all dead. I do't know whether they were parties to the treaties of 1835-6 and 1846. I don't know whether any of my people are on the Rolls. I don't know that any of my people were regarded as Old Settlers. I have associated with the Indians. My people have never joined any other tribe that I know of. I do not know in what year my people left Tennessee and came to Missouri.

deposes and says:

I am 36 years of age; was born in Swain County. I claim Indian blood through my mother. She was not a slave. Her people all drew money and were living in the Indian boundary at that time. None of us were enrolled by Hester. When Hester was here my mother did not go up although her name was called for her to put her children on the roll. My father was a colored man. My mother was quarter Indian. The other three-quarters was white and Portugese. I do not know why my mother was not paid in 1851. Her uncle drew in 1851. My mother did not attend the councils. She was afraid to be enrolled and afraid to affiliate with the Indians because she did not want to be sent away. My mother's children all pass as colored.

Julius Gibson,

Governors Island, North Carolina.

Sir:

You claim a right to share in the distribution of the Eastern Cherokee Fund through your mother, Peggy Carter, who you claim was one-quarter Cherokee; why was she not enrolled with the Eastern Cherokees in 1851. Was she married to your father, Washington Gibson, at that time; if not, was she living with your grandparents, Thomas and Morning Carter? Why were they not enrolled in 1851, and did they have any other names than those given in your application? If enrolled in 1851, as you state in your application, they must have been enrolled under Indian names, and it will be impossible to connect you with the roll without these Indian names.

Were any of your people held as slaves? If so, state their names and state whether they were owned by white people or Indians.

Please give this matter prompt attention and refer in your reply to the number of your application.

App. #8694.

June 10, 1907.

L. P. Duncan, Sr.,
Zenia, Trinity County,
California.

Sir:-

Your letter of May 18, 1907, relative to when the fund arising from the judgment of the Court of Claims in favor of the Eastern Cherokees will be distributed, is at hand.

In reply you are advised that the applications have not been taken up for final consideration, as the Court of Claims in its order of April 29, 1907, an abstract of which is herewith inclosed, has extended the time for the filing of applications to August 31, 1907, and until the applications have all been filed it will be impossible to give final consideration to any of them.

As there are already over 23,000 applications on file and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated.

Very respectfully,

Special Commissioner.

NLC.

Madam:

Relative to your application for participation in the Eastern Cherokee Fund, kindly advise this Office why your father, Benjamin Huddleston, and your grandparents on your father's side, through whom you claim your Eastern Cherokee blood, were never enrolled on any Eastern Cherokee Roll. Where did your father live in 1851 and did he live with the Cherokee Tribe at that time?

Were your ancestors ever enrolled with the old settlers or did they ever receive any old settler money?

Was your mother a white woman, an Indian, or a negro? If negro, was she ever held as a slave; if so, was she owned by white people or Indians?

Please give this matter prompt attention and refer in your reply to the number of your application.

Reasons:

It does not appear that applicant or any of her ancestors were ever enrolled. It does not appear that they were living within the Cherokee Domain in 1835-6 & 1846 as members of the tribe. It does appear that applicants matching those whom she claims, was never a member of the Cherokee tribe, and that she always lived with white people.

My name is Hester Bowling. I live at East Lake, Tenn R. F. D. # 1. I was born in 1865 in Catoosa County, Ga. My mother claimed to be connected to the Cherokee Indian. That is what she always taught me. I claim through her. My mother was born and raised in Cherokee County, Ga. She was 95 years old when she died. She died in 1905. My mother always lived with the white people, she told me. She never associated with the Indians as far as I know of. I never heard her say anything about living with the Indians. She claimed her Indian blood through her father. She told me he was half Cherokee. I don't know where he came from. His name was Henry Owens. I don't know where he was born or raised. I never saw him. I have heard my mother talk of him. I don't know whether he always lived with the white people. My mother said she drew money when she was 12 or 13 years old. In 1882 my mother and I were living at East Lake, Tenn in 1882. I don't know why we were not enrolled at that time. I am ashamed of my Indian blood. My mother seemed to be proud of it. I do not know where my grandfather Henry Owens was living in 1835. I never heard of my grandfather Henry Owens taking part in any tribal proceedings. I don't know whether my grandfather was ever enrolled with the Cherokees or not.

John J. Stancel,
Rossville, Georgia.

Sir:

Relative to your application for participation in the Eastern Cherokee Fund, kindly advise this Office why you were not enrolled with the Eastern Cherokees in 1851. You state in your application that you claim your Cherokee blood only through your father; why was he not enrolled with the Eastern Cherokees in 1851 nor in 1835?

It will be impossible to make final disposition of your claim for share in the distribution of this fund without first knowing whether or not you and your mother were ever held as slaves. If you were so held, were you owned by white people or Indians? If owned by white people, furnish us with the family name of the people who owned you.

Please give this matter prompt attention and refer in your reply to the number of your application.

Very respectfully,

HTK/TEA

Special Commissioner.

My name is William T. Page and I reside at Highland Park Sta., Tenn. I knew Barbrey, the party who signed the affidavit referred to in testimony of Mr. John J. Stancel, for about twenty years. I was present at the time that Barbrey Stoker made that affidavit and was a witness to it. I have known Mr. John J. Stancel for about twenty-five years and also knew his people. They were always looked upon and known as Cherokee and American.
